

B'NAI B'RITH FAVORS SUBSIDY FOR WIDOWS

Convention Ends With Ball at Rauscher's and Giving of Cup to J. I. Peyser.

Approval of the plan to subsidize widowed mothers was voiced at the closing session of the thirty-ninth annual convention of the District Grand Lodge No. 2, Independent Order of B'nai B'rith. The proposed celebration of B'nai B'rith day was sanctioned and the recommendation of the national committee that the civil and religious rights of the Jew be safeguarded in any new treaty to be negotiated with the Russian Empire was endorsed.

The convention, which is declared by members of the order, to have been one of the most successful held, came to an end last night in a brilliant manner with a reception and ball at Rauscher's. The feature of the evening was the presentation of a loving cup to Julius I. Peyser, retiring district president of the order, by A. C. Mayer, president of the Argos Lodge, assisted by the other officers and wives.

The presentation was made by C. N. Feldman, of Savannah, Ga. He paid a glowing tribute to the work and character of Mr. Peyser, and characterized him as a self-made man, who not only had attained a high position for himself among men, but had contributed much to help his race. Mr. Peyser, in reply, denied that he was a self-made man. He said that no man was really self-made, and it was the aid given him by his friends which had obtained for him his advancement.

The thanks of the district grand lodge were bestowed upon Simon Wolf for his work among the Workers' and Immigrants' bill, and to Julius I. Peyser for his work during the past year as president of that organization.

Atlanta, Ga., was chosen as the place for the next annual convention of the district grand lodge. Preference was given to this city from the fact that next year is the twenty-fifth anniversary of the founding of the Atlanta Orphan Home. The choice of a date and final action regarding the place is in the hands of the executive committee.

Resolutions of regret were adopted by the lodge for the death since the last annual meeting of the following members: Louis Newman, Macon, Ga.; L. Harris, Columbus, Ga.; Aaron Hass, Atlanta, Ga.; and Aaron Goodman, Baltimore.

Officers elected were: President, Lionel Well, Goldsboro, N. C.; first vice president, Rabbi F. L. Rosenthal, Columbus, Ga.; second vice president, Rabbi I. E. Marcuson, Charleston, S. C.; sergeant-at-arms, Harold S. Bloomberg, Richmond, Va.; treasurer, H. Sternberger, Greensboro, N. C.; secretary, Rabbi George Solomon, Savannah, Ga.; representative on board National Jewish Hospital for Consumptives, Emanuel Kaufman, Atlanta, Ga.; court of appeals, Joseph L. Levy, chairman; J. I. Peyser, Louis Goodman, Leonard Hass, and E. K. Vianaka.

REAL "CLEAN UP" FOR ALEXANDRIA

Civic Bodies of Virginia City Will Combine to Put Old Town in Sanitary Condition—Boy Scouts Will Aid in the Work.

WASHINGTON TIMES BUREAU, ALEXANDRIA, VA., APRIL 2.—Practically every civic body in Alexandria will be called upon to assist in making the clean-up week, which will be inaugurated next Monday. Dr. E. A. Gorman, health officer, and Dr. J. J. Garvey, deputy health officer, have determined to give the old town one of the most thorough cleanings that it has ever had, and to that end will call for assistance from all the organizations which have the welfare of Alexandria at heart.

The Civic Improvement League will be especially active as the members intend to make a sanitary survey of the city. Other organizations which will assist will be the Boy Scouts and the chamber of commerce. The health officials will have the active assistance of the police force, and men will be detailed to make a house-to-house inspection and request the householders to see that their property is placed in good condition. The school children will also be urged to assist in the campaign.

Mrs. Catharine Hanratty, widow of the late Peter Hanratty, died last night at her home, 311 Pitt street, after a long illness. She is survived by two sons and three daughters.

Robinson Moncre, member of the Virginia house of delegates, will deliver an address to the members of Lone Star Camp, American Indian Guards, following their meeting on next Friday night.

The recently elected officers of Randolph Chapter, Rose Croix, and Virginia Consistory, Scottish Rite Masons, will be installed tonight at a meeting to be held in Masonic Temple. There will also be a special meeting of Lafayette Council, Knights of Kadosh, for the purpose of electing a secretary and almoner.

A New Remedy for An Old Complaint
A Scientific and Important Discovery for the Treatment of Constipation, Liver and Stomach Disorders.

The careless selection of widely advertised and ineffective remedies is the cause of a good deal of misery. Be careful of taking, without your doctor's orders, drugs like Calomel, and Cascara in any form, and other drastic stuff. Besides their harshness, they act only on a single organ and cannot stimulate all the different structures which are diseased. These facts led to a great deal of experimentation and finally to the discovery of Hunyadi Janos Pills, a scientific and perfect combination which does work—gently on all the proper organs. Hunyadi Janos Pills are compounded with only one view and that is to relieve you of all your troubles. You need not experiment on yourself—you need not take anywhere from 1 to 6 or 10 pills—one or two pills at night are enough and sure. They work where and when work is required—without gripping. Buy a box and try them to-night. You'll see the reason why—the next morning. Price 25 cents at any up-to-date Drug Store or by mail from A. Saxlehner, New York.—Advt.

HOUSE OF ANDREWS OPENED TO PUBLIC

New Home of Paper Company Most Modern One Devoted to That Trade.

The new home of "the House of Andrews" is now open to the public—the new building of the R. P. Andrews Paper Company, at 727 to 731 Thirteenth street northwest, admittedly the most modern structure devoted to the paper trade in the United States.

Informal dedication was held yesterday, and in the evening the new store was brilliant with light and the scene of an impromptu reception for a new friends. It is a valuable addition to the modern commercial structures of the city, and opens a new era of progress for a firm which has already seen vigorous advance in a comparatively short period.

The building is constructed of fireproof material exclusively with a front of white glazed terra cotta. It is five stories in height, with a frontage of fifty feet and a depth of 110 feet. A perfect ventilating system has been installed. In addition to conducting the new paper department store, the R. P. Andrews Paper Company also operates stores at 625 Louisiana avenue northwest and at 121 F street northwest.

R. P. Andrews, founder of the business, is a member of the board of governors of the Federal Merchants' Association and one of the best known business men of the city. He is active in the Chamber of Commerce and in many clubs and fraternities. Letters of congratulation to Mr. Andrews were sent by C. T. Daly, vice president of the company; L. E. Valentine, secretary-treasurer; Albert Tenyson, manager of the paper department; and O. P. Morryman, manager of the stationery department.

Y. W. C. A. WORKER HERE CALLED WEST

Miss Florence Brown Is Urged to Act as Head of Society in San Francisco.

Miss Florence M. Brown, extension secretary of the Young Women's Christian Association, has received a call from San Francisco, to act as head of the projected Metropolitan Y. W. C. A. system of that city. The system is planned on the order of the Y. W. C. A. system of New York and will be put into operation just as soon as a woman can be found who is capable of directing the work. Miss Brown was selected as first choice.

The reason for the extension of the association work in San Francisco is that thousands of women will be attracted to that city by the exposition in 1915. It is planned to combine all the Y. W. C. A. associations under one head and operate on a grander scale than is possible in any other city than New York.

The first work asked of Miss Brown is to engineer a campaign for raising \$25,000 with which to build a city association building and a building on the Y. W. C. A. association under one head and operate on a grander scale than is possible in any other city than New York.

Although the offer is most flattering to Miss Brown her work here has absorbed her so much that she is undecided whether or not to accept the San Francisco offer. She had hoped to help in the construction of a model Y. W. C. A. building on the lot now owned by the association.

A campaign for funds for the erection of the building will be begun before the year is out and Miss Brown hopes to be in the forefront when this campaign is started.

It's a safe ten to one bet that the young man who uses Parian Sage as an occasional hair dressing will never grow bald.

It is a scientific preparation that abolishes dandruff, stops falling hair and scalp itch, and makes hair grow lustrous and luxuriant.
